President's Message

Report cards, midterms and State tests are the topic. It must be January. We seem to be measuring everything! It becomes increasingly difficult to enjoy the pure thrill of teaching without evaluating why we are having fun.....

Perhaps it is time to make a date to self-evaluate and I do not mean Charlotte Danielson's approach! What is it you need? Personally, here is my list:

1. **My 25 year old body** don't laugh. I chase 5 year olds.
2. **My 17 year old attitude**~ Do you re-

member the feeling of invincibility we had at that time of our life? Our dreams and goals were within reach. We were not questioning our actions because our choices were always correct.

3. **My 21 year old hair** the style was questionable, but the color was so easy to maintain!
4. **A firm retirement date!** Did you read the letter from your building representatives this month? **If this is your final school year and**

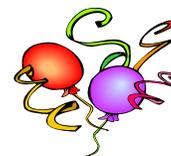

you want to collect the incentive money because it is the school year you became 55, your letter of intention to retire must be submitted to DO by February 1, 2005. See your building representative for necessary details.

If I had those four things, life would be perfect.....
 E-mail me...how are you coping? I will include the best coping strategies for all to enjoy next month..
 Pat

What's to Become of NEA-NY?

NEA and NYSUT have entertained discussions of merger for the past 10 years. The discussions are now moving to reality as at last year's Delegate Assembly, the delegation voted to support continuation of merger talks and to move ahead with the formulation of a merger plan. This plan has now been written and is currently being discussed at the state and local levels.

Whether to merge or not will be brought to a vote at the April Delegate Assembly in Albany this year. This has provided for both emotional and heated discussion at all meetings at all levels. WTA is committed to both educating you on this issue and making your voice heard at the April vote.

Over the next few months we will pass along information, make time available to answer your questions, and ask for your opinion towards this vote. It is not an easy decision. Here is a synopsis of the position paper that was accepted in November by the NEA/NY Board and

NYSUT board.

Fundamental Beliefs to Create a Single State Union

Purpose:

The New York State United Teachers (NYSUT) and the National Education Association of New York (NEA/NY) believe that their common mission of promoting the economic, personal and occupational well-being of their members and securing the highest quality education for all students in New York can best be achieved through the formation of a single State Union (SSU). Toward that end, subject to the approval of the appropriate governing bodies they jointly agree to the following set of unification principals.

1. The united organization will champion public education.
2. The SSU will be an inclusive organization.
3. The SSU will reach decisions democratically.
4. The SSU will strongly support local affiliate efforts to serve

members.

5. The SSU will provide the highest quality services to members.
6. The SSU will foster diversity.
7. The SSU will work for a strong, democratic and effective labor movement.
8. The SSU unification process will involve members and respect the past.

This Thursday (today!) the Region 6 meeting will be held at Di-Pacifics on Route 96. Dinner begins at 5pm with an Irondequoit School District teacher speaking about NYSUT and their school. At 6pm merger discussions with one of our State Rep will ensue. Anyone can and is encouraged to attend, **contact Beth Peters, your WTA External VP at x5731 or via e-mail.**

For a copy of the full text of the belief statement contact your elected delegate: this year they are Pat Yates, Beth Peters, Marc Binsac, Tom Seimbor, and Jackie Siwicki.
